## Music Instructions

If you send us your own music CD's, we'll include your songs at no additional charge. Just send your music CD's with your order. We can accept burned CD copies of your music, as long as you provide a legal copy.

Please include the appropriate amount of music with your slide show. Most pictures will show on the screen for about 4-8 seconds, with 6 seconds being the ideal amount of time. So, a 25-picture section would run for about 150 seconds or about 2-½ minutes. When we produce your movie, we work hard to fit the music to the pictures. We may use only a short portion of certain songs and a longer portion of other songs. We also produce smooth transitions from one song to the next and fade out at the end of the movie. Please list your song selections below. List the song title, the CD and track number of the song, and which slides (by number) you want to use the song for. If you're not sure which songs might fit your theme, just ask and we'll help you figure it out!

Or if you'd rather us provide the music, we can do that too for only \$1.00 per song. Just let us know which songs you want in the space provided below.

| Song Title | Artist / CD / Track | Play During Slides |
|------------|---------------------|--------------------|
|            |                     |                    |

## Slideshow Titles

Please enter the Slideshow Titles, as you would like them to read. There's quite a lot we can do as far as jazzing up your titles or we can just keep it simple. It really depends on your theme and the mood you want to convey to your audience. We typically use a fade in / fade out effect for the introduction title. This can be done against a black background with white or colored text or by displaying the text over one of your pictures. You can specify what you want, or let us handle it. If you want additional titles, perhaps to break up sections in your project, or to label certain photographs, please list these titles here as well.

| Placement    | Title Text |
|--------------|------------|
| Introduction |            |
| Ending       |            |
|              |            |
|              |            |
|              |            |
|              |            |

## Mailing Instructions

Please number your photos using 3 digits (eg. 001, 002, 003 ... 099) in the order you want them to appear on the slideshow. If you are sending original photographs, please seal them in a zip lock bag and make sure you put them into a sturdy mailer so they don't get bent or destroyed.

Then place everything related to your project (photos, music, completed order form) in a box or cardboard mailer and send it to us at the address below. Once we have completed your project we will send everything back to you.
